ANTICORROSIONE srl

Anticorrosive treatments
on metallic structures

**COMPANY
PROFILE**

OUR MISSION

We are specialized in **anticorrosive treatment of metal structures and in protective and aesthetic/protective treatments of masonry and cementitious surfaces.**

Working in the sector since 1974, we improved and highly qualified in the application of special protective cycles on metal surfaces such as shot-peening, metallization, fire-proofing and intumescent coatings, powder coating.

Our offices

PORTOGRUARO (VE) - **ITALIA**
NEW DELHI - **INDIA**

Our plant in Portogruaro

N. 1 sandblasting booth (automatic tunnel):
Height 4,5 meters Width 3 meters Length 16 meters

N. 2 manual sanding booths:
Width 20 meters Length 12 meters

N. 4 painting booths:
Width 16 meters Length 25 meters

Storage area with services:
3000 square meters and 3000 in gravel

N.1 lifting machine:
lifting up to 12 tons

N.5 forklifts:
lifting up to 120 quintals

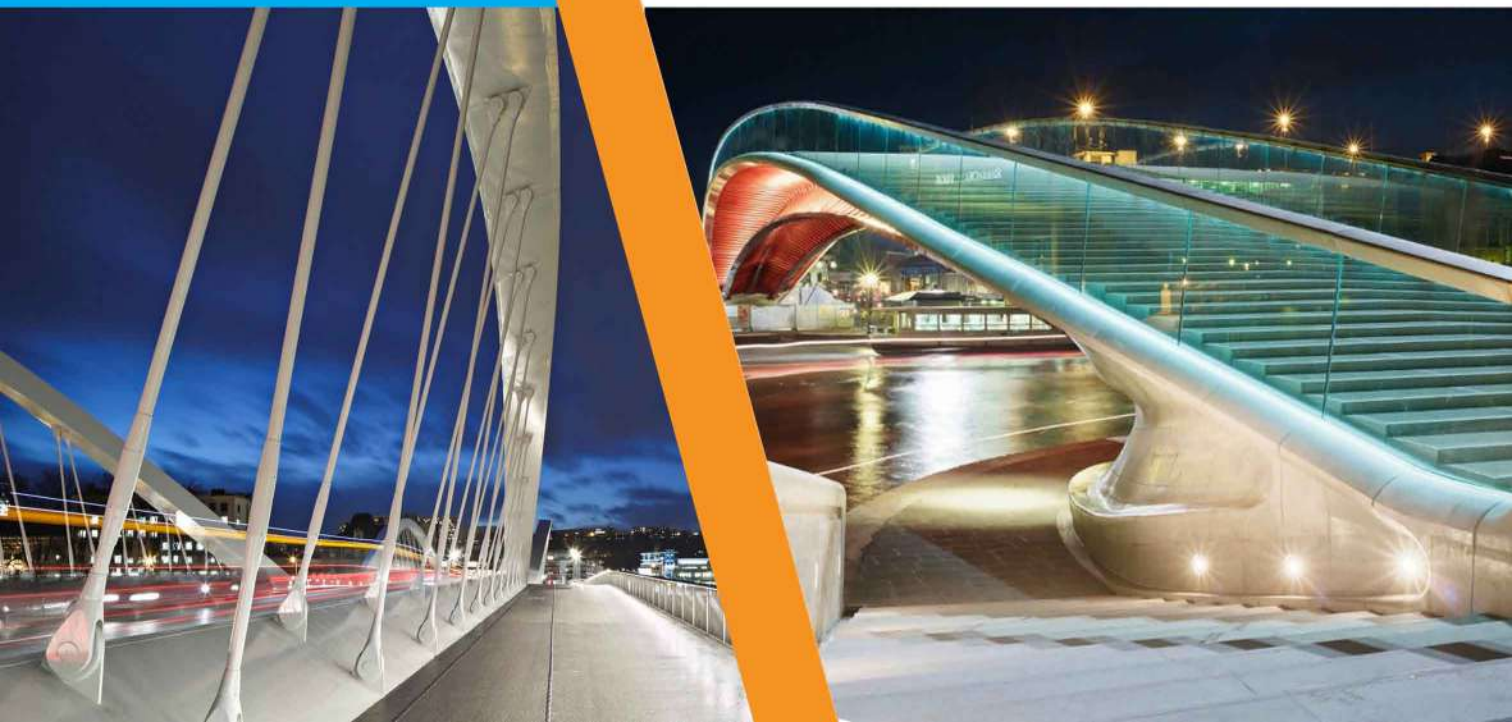

N.1 self-propelled crane
for loads of any tonnage

Our partners

work in height with ropes without scaffolding
Cleaning and sanitation services
Wood Industrial Packaging
